**Re: Lunchtime virtual workshop on HSCP Deliver – A Strategic Guidance Framework for Health and Social Care Professions 2021 – 2026**

Dear Colleagues,

As you may know, **HSCP Deliver – A Strategic Guidance Framework for Health and Social Care Professions 2021 – 2026**, was launched officially by Dr Colm Henry, Chief Clinical Officer in April.

*HSCP Deliver* is a framework for achieving our collective potential and is a co-created strategy, directly informed by the views and ideas of HSCP and other stakeholders. I had shared plans at the launch for a range of offerings to support local ownership and implementation. The cyber-attack intervened and initial plans have had to be revised. I am very conscious that the past few months have been very tough, coming on top of COVID as well as many changes and pressures. I know that people are tired and badly needed a break and I hope that you will have had, or will soon have a chance to rest and recharge.

Bearing all of this in mind, and honouring our commitments to co-production and local ownership, I would very much like to get the views and input of HSCP as to how we can best support you in implementation now.

I would like to invite you to a lunchtime virtual workshop to have a conversation about next steps. The session will be held on **Tuesday 19<sup>th</sup> October from 12.30 – 14.30** and is open to all HSCP interested in attending. There are no specific requirements for attendance; there will be no jobs and no pressure. We would just like to have a conversation to get your ideas.

Key themes from HSCP Deliver, and your contributions and ideas to date, include local ownership and service user involvement, enhanced collaboration at every level and strategic awareness.

To express your interest in attending please email [HSCP.NationalOffice@hse.ie](mailto:HSCP.NationalOffice@hse.ie) including *HSCP Deliver workshop* in the subject line before close of business on Friday 24<sup>th</sup> September. We will be in touch after that with a link to register.

Kind regards

Jackie Reed, National Lead, National HSCP Office
