

Senior Clinical Engineering Technician

Children's Health Ireland Job Specification and Terms & Conditions

Job Title and Grade	Senior Clinical Engineering Technician
Campaign Reference	HR656
Closing Date	Friday, 26 th July 2019
Duration of Post	Specific Purpose Contract
Location of Post	Clinical Engineering Department
Context/ Background	Children's Health Ireland (CHI) is leading on the clinical and operational transformation of acute paediatric healthcare and consists of hospitals at Crumlin, Temple Street and Tallaght. The three children's hospitals and CHI's office transitioned from four separate, independently governed entities into one new single organisation effective on 1st January 2019 to govern and operate paediatric services in Dublin.
	This new organisation will operate as a single service across the existing locations of Crumlin, Temple Street, Tallaght and the CHI office before transitioning to the new facilities at the two paediatric outpatient and urgent care centres at Connolly and Tallaght Hospitals and the new children's hospital on the campus shared with St James's Hospital.
	The Minister for Health appointed a new Board in September 2017, initially on an administrative basis to support CHI's Chief Executive and management team in the planning and implementation of the Children's Hospital Programme and to prepare for the transition of services from the existing three children's hospitals under the governance of the legally established Board, which commenced on 1 st January 2019.
	Children's Health Ireland Programme is a major programme of work led by CHI, focused on transformative service change to enhance services for children and young people, to integrate the three existing hospitals, while maintaining existing and new services, ensuring patient safety and quality until transition is complete. It will:
	Operationalise an integrated acute paediatric healthcare network

Children's Health Ireland at Temple Street			
	 Act as client for the government funded capital project to build the new children's hospital and the two paediatric outpatient and urgent care centres at Connolly and Tallaght Hospitals, and a separately funded research and innovation centre Act as client to a major ICT programme to digitize paediatric healthcare Commission, transition to and operate the new children's hospitals and the two paediatric outpatient and urgent care centres. The new children's hospital will be at the centre of a new model of care with two new Paediatric Outpatients and Urgent Care Centres (OPD & UCCs) central to the delivery of this new model of care. The POPD & UCCs will be based at Connolly Hospital on the North side of Dublin (due to open Summer 2019) and one at Tallaght Hospital on the South side of Dublin (due to open 2020). The addition of the new OPD & UCC, together with the 		
	opening of the new hospital in time, will transform how healthcare is delivered to children in Ireland.		
Reporting Arrangements	This post will report directly to the most senior member of the Clinical Engineering Team within the facility to which they are assigned.		
Key Working Relationships	 The post holder will work closely with: Clinical Engineering Team Consultants CHI Management Teams Multi-Disciplinary Team Members Please note that this list is not exhaustive and key working relationships will change as the project moves from service development, construction completion, commissioning & transitioning to steady state.		
Purpose of the Role	To provide Clinical Engineering support to any of the CHI sites and to work as tasked to ensure that electro medical equipment is used and maintained appropriately in accordance with professional norms and in compliance with EU Safety Standards. Included in this role is the provision of technical support to Clinical, Nursing, Medical and Allied Healthcare Professionals in the use of this equipment.		
Principal Duties and Responsibilities	Following an induction/training period the successful candidate will be assigned to work unsupervised in any of the clinical areas including wards, of which some will be high acuity areas such as Theatre and Intensive Care in support of Medical, Nursing and Allied Healthcare Professional staff, much of the time at the patient bedside. Principal Duties:		

- To be professionally responsible for all aspects of the post-holders own work.
- To undertake the maintenance, repair and servicing of biomedical equipment throughout the hospital
- To participate in on-going use of an equipment asset register and represent Clinical engineering on the national steering group
- Co-ordination and management of external repair / supply companies and external service maintenance contracts.
- Liaising with suppliers for the purposes of ordering and maintaining appropriate parts and consumables stock inventory, utilising a departmental inventory management system.
- Manage stock control for spare parts to ensure minimum downtime of devices, whilst managing the financial impact of stock holdings.
- Risk assessment of electro-medical devices.
- Liaise with other clinical and non clinical departmental managers, as part of the Clinical engineering team, so as to ensure seamless service provision with the Hospital.
- Participate in the spinal navigation service.
- Participate in transport of critically ill patients.
- To keep abreast in the understanding and knowledge of all new developments in the field of Clinical Engineering
- Develop as required specialist fields of interest within the fields of Clinical Engineering
- To cooperate fully with ensuring compliance with Health and Safety requirements and regulations
- Assist with education and training of nursing and clinical staff in the correct operation and clinical application of medical devices in the patient environment.
- Participate in the formal out of hours (on call) clinical engineering service.
- Assist clinical staff with the transportation of patients within the hospital and abroad.
- Perform other duties as may be assigned from time to time

The above is not intended to be a comprehensive list of all duties involved and consequently, the post holder may be required to perform other duties as appropriate to the post which may be assigned to him/her from time to time and to contribute to the development of the post while in office.

Children's Health Ireland is an equal opportunities employer.

Terms and Conditions of Employment Senior Clinical Engineering Technician		
Duration of post	This is a specific purpose contract to cover maternity.	
Remuneration	Remuneration is in accordance with the salary scale approved by the Department of Health: Current salary scale with effect from 1st April 2019: [Grade (Senior), Code 3162]. Rising in increments annually from point 1: €41,649 to €59,812 incl. LSIs).	
Annual Leave	Annual Leave entitlement is 30 days per annum	
Working Week	The hours allocated to this post are 37 with 7.4 hours as a standard working day. The allocation of these hours will be at the discretion of the Department Head and in accordance with the needs of the service. HSE Circular 003-2009 "Matching Working Patterns to Service Needs (Extended Working Day / Week Arrangements); Framework for Implementation of Clause 30.4 of Towards 2016" applies. Under the terms of this circular, all new entrants and staff appointed to promotional posts from Dec 16 th 2008 will be required to work agreed roster / on call arrangements as advised by their line manager. Contracted hours of work are liable to change between the hours of 8am-8pm over seven days to meet the requirements for extended day services in accordance with the terms of the Framework Agreement (Implementation of Clause 30.4 of Towards 2016).	
Probation	All employees will be subject to a probationary period as per the probation policy. This policy applies to all employees irrespective of the type of contract under which they have been employed. A period of 6 months' probation will be served: • On commencement of employment • Fixed term to permanent contract • Permanent employees commencing in promotional posts will also undertake a probationary period relating to their new post.	
Pension	Employees of Children's Health Ireland are required to be members of the Hospitals Superannuation Scheme. Deductions at the appropriate rate will	

at Temple Street				
	be made from your salary payment.			
	If you are being rehired after drawing down a public service pension your			
	attention is drawn to Section 52 of the Public Services Pension (Single and			
	Other Provisions) Act 2012. The 2012 Act extends the principle of			
	abatement to retired public servants in receipt of a public service pension			
	who secure another public service appointment in any public service body.			
Place of work/location	The primary location will be CHI at Temple Street. Over the term of the contract you will be required to work across the other base hospitals CHI at Crumlin, CHI at Tallaght and the Children's Health Ireland Programme. You may be required to transfer to another location in the future. You			
	will be kept informed and advised of any proposed relocation.			
Age	Age restrictions shall only apply to a candidate where he/she is not classified as a new entrant (within the meaning of the Public Service Superannuation Act, 2004). A candidate who is not classified as a new entrant must be under 65 years of age.			
Maternity Leave	Maternity leave is granted in accordance with the terms of the Maternity Protection Acts 1994 and 2001.			
Payment of sick leave	Children's Health Ireland operates a Sickness Absence Management policy in line with the new Public Service Sick Leave Scheme as introduced in 31 st March 2014. An employee cannot avail of paid sick leave during their first six months of employment with the hospital.			
Pre-Employment Health Assessment	Prior to commencing in this role a person will be required to complete a form declaring their health status which is reviewed by the hospital's Occupational Health Service and if required undergo a medical assessment with this department. Any person employed by Children's Health Ireland must be fully competent and capable of undertaking the duties attached to the office and be in a state of health such as would indicate a reasonable prospect of ability to render regular and efficient service.			
Validation of Qualifications & Experience	Any credit given to a candidate at interview, in respect of claims to qualifications, training and experience is provisional and is subject to verification. The recommendation of the interview board is liable to revision if the claimed qualification, training or experience is not proven.			

at Temple Street	
References	Children's Health Ireland will seek up to three written references from current and previous employers, educational institutions or any other organisations with which the candidate has been associated. The hospital also reserves the right to determine the merit, appropriateness and relevance of such references and referees.
Garda Vetting	Children's Health Ireland will carry out Garda vetting on all new employees. An employee will not take up employment with the hospital until the Garda Vetting process has been completed and the hospital is satisfied that such an appointment does not pose a risk to clients, service users and employees.
Ethics in Public Office 1995 and 2001	Positions remunerated at or above the minimum point of the Grade VIII salary scale (€67,135 as at 01.01.2019) are designated positions under Section 18 of the Ethics in Public Office Act 1995. Any person appointed to a designated position must comply with the requirements of the Ethics in Public Office Acts 1995 and 2001 as outlined below;
Positions remunerated at or above the minimum point of the Grade VIII salary scale (€67,135 as of 01.01.2019)	A) In accordance with Section 18 of the Ethics in Public Office Act 1995, a person holding such a post is required to prepare and furnish an annual statement of any interests which could materially influence the performance of the official functions of the post. This annual statement of interest should be submitted to the Chief Executive Officer not later than 31 st January in the following year.
	B) In addition to the annual statement, a person holding such a post is required, whenever they are performing a function as an employee of the HSE and have actual knowledge, or a connected person, has a material interest in a matter to which the function relates, provide at the time a statement of the facts of that interest. A person holding such a post should provide such statement to the Chief Executive Officer. The function in question cannot be performed unless there are compelling reasons to do so and, if this is the case, those compelling reasons must be stated in writing and must be provided to the Chief Executive Officer.
	C) A person holding such a post is required under the Ethics in Public Office Acts 1995 and 2001 to act in accordance with any guidelines or advice published or given by the Standards in Public Office Commission. Guidelines for public servants on compliance with the provisions of the Ethics in Public Office Acts 1995 and 2001 are available on the Standards Commission's website http://www.sipo.gov.ie/
