# TranScope™ & StoraScope™

## Lockable Endoscope Transport & Storage Carts

**TranScope™** is a unique lockable cart, purpose designed for transporting clean or contaminated endoscopes and other delicate equipment to and from the Endoscopy Suite/CSSD.

**StoraScope™** contains 10 trays and is a user friendly static storage solution designed for use within the department.

Both **TranScope™** and **StoraScope™** are fully compatible with the **CleanaScope®** and **SureStore®** systems.

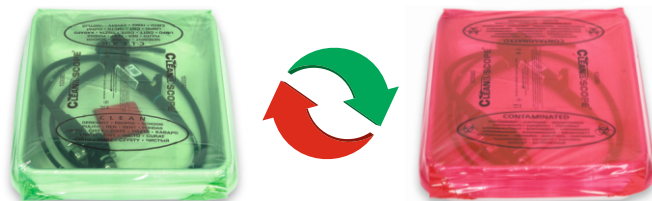

### KEY FEATURES INCLUDE:

- ✓ Secure robust storage
- ✓ Protects your endoscope inventory
- ✓ 5 inch lockable castors for easy maneuverability and positioning within the department
- ✓ The StoraScope 10 tray cabinet is ideal for static storage within the department
- ✓ Fully compatible with the CleanaScope® & SureStore® system

TranScope™

StoraScope™
